FREQUENTLY ASKED QUESTIONS

- 1. Must I take the H&J core requirements in order?**
 [HJS 250 → HJS 310 → HJS 315 → HJS 410 → HJS 415]
 Yes. Exceptions may be allowed by the Coordinator in rare cases, for example if taking HJS 310 and HJS 315 in the right order will delay a student’s graduation.
- 2. Can I take two H&J courses at the same time?**
 In general this is not a good idea. However, if you have a pressing need (for example, to take HJS 310 and HJS 410 at the same time), consult the Coordinator.
- 3. How many of my 18 disciplinary elective credits (history or literature or philosophy) must be at or above the 300 level?**
 12 credits = 4 courses
- 4. Can I take all my disciplinary electives in one discipline or must I take courses in all 3?**
 You may take all 18 credits in one discipline but it is not recommended. (Humanities and Justice is an interdisciplinary major!)
- 5. Can I also count my disciplinary courses toward a minor?**
 In general, yes: consult the Minor Advisor in the specific Department to determine what the requirements are and which courses can be counted. Be sure that you take any required core courses in the Minor as well as any prerequisites for upper level courses.
- 6. Do I have to have a minor?**
 No: it is not required, but it is a good idea because: a) many of your disciplinary electives can also count towards a minor, and b) having one or more minors on your transcript will suggest that you are hard-working and inquisitive!
- 7. What should I do if Degree Works does not count some of my disciplinary electives toward the Humanities and Justice Major?**
 Consult the Coordinator. Degree Works is often one semester behind in putting information into the system.
- 8. How can I find out which ISP courses satisfy my General Education requirements and / or my disciplinary electives in Humanities and Justice?**
 Consult Ms. Bertha Peralta-Rodriguez at 212.237.8304 or bperalta-rodriguez@jjay.cuny.edu
